## HOBBIES

## SELF - LEARNING

### Programming / Data Analysis

2022/03 - Current

After deciding to chase a new career, I have delved into learning **Python**, and it's libraries, as well as more recently learning **Data Analysis**. Crafting projects, completing Hackerrank challenges, and learning from Youtube tutorials, and online courses.

- Youtube Tutorials
- Hackerrank Challenges
- Udemmy Courses

## WORK EXPERIENCE

### Senior Nordics CSR / OM

2019 - 2022

Avis | Bio-Rad

Nordic Speaking **CSR** and **Order Management** Spec. My responsibilities were to handle customer requests over the phone, via mail and chat. My daily tasks included handling financial requests (credit/debit/re-billing), handling tickets, and entering orders to SAP.

- Ticketing systems
- Order Management in SAP
- Key Account Management
- Danish / Swedish / Norwegian / English

### Warehouse worker

2014 - 2018

Prime Cargo & GLS Kolding

During my studies in Denmark, I worked as a warehouse employee after school and the weekend, to make ends meet, as well as help support my family.

- Worked in day- and nightshifts

### Shoemaker

2008 - 2012

Koronya Kft.

In **Budapest** and later in the **USA** we have held courses in **shoemaking** for Hungarian and international students with my uncle at his company teaching them how to design and make Bespoke shoes for clients.
